AGENDA TOPICS

- Attendees introduced themselves, and identified a concern they had about Marine Creek Hills.
- There was general consensus that communication with *and* within our neighborhood is problematic.
 - We decided that a newsletter is needed. The Board President will take responsibility for the newsletter.
 - We also added Cyndi Reinmiller to our Board as “Communications Director.”
- Another concern was being proactive about crime in our neighborhood.
 - We will invite Dorothy Tyler to do a “Crime Watch” presentation in the spring.
- We agreed to do something about the litter in our neighborhood, & on the sides of Cromwell Marine Creek Rd. Also, there are clumps of grass growing between the street and curb, especially on Riverwater Trail.

- a. The Board President had spoken with the owner of the forested area, east of the library. The owner has picked up most of the trash, & illegal dumping items.
- b. Another board member will be added to address the issue of MCHNA cleanup.
